

NAIOP is a developer-driven organization seeking appropriate solutions that meet the needs of developers, owners and the communities in which they operate. Our focus is on **advocacy, diversity and career development**. We are committed to sustaining a **membership that is open to all**. Sharing our **knowledge** with each other, our communities and **young people who are considering a career in CRE** is paramount to a thriving industry. Your sponsorship of this year's holiday luncheon will support these efforts as we continue to be the commercial real estate organization in Philadelphia.
